**Subject** Lunch & Learn - what is "sludge" in government?

**Location** (b)(5) webconference access info

**Reminder** 15 minutes

**Show Time As** Tentative

\*\*\*NOTE: this is a completely voluntary lunch & learn. I'm sending it as meeting invite to make it easy for those who want to join. \*\*\*

What is "sludge"? The internet defines it as thick, soft, wet mud or a similar viscous mixture of liquid and solid components, especially the product of an industrial or refining process. Ewww. What does it mean in government?

As the Friday 9/10 legislative update noted, OMB has updated guidance on how agencies should serve customers and deliver services (link to the leg update, below). Although our day-to-day work doesn't involve interacting with the public, I'd posit that we certainly have customers: at the minimum, ethics officials, but also the other stakeholders such as Congress, good governance groups, the press, and yes, the general public that comes to our site to learn about what we do.

So, can we apply improved customer experience (also known as CX) approaches within OGE? If so, how? One writer, Stephanie Thum, discusses something called "sludge," which she notes <<https://www.linkedin.com/pulse/government-cx-maturing-refreshed-accountability-adds-thum-ccxp/?trackingId=00MeWEttRUKI%2FFEMfulw6w%3D%3D>>, "is about administrative burden, compliance costs, and friction," and which impacts customer experience. She also relates it to the "nudge" concept, which comes from behavioral economics. What "nudge, not sludge" concepts might apply for OGE?

If you're interested, let's meet for an informal lunch and learn to discuss. Ms. Thum provides links to several resources in this post <<https://www.linkedin.com/pulse/sludge-audits-calculating-costs-painful-employee-stephanie-thum-ccxp/?trackingId=ZM10ZPYAQxeCYK6eiVrxtg%3D%3D>>. For purposes of the lunch and learn, you can read the post and/or as few or as many of the articles to which she links from within the post. Even if you don't get a chance to read the material, you're welcome to join!
